Who CAP is helpful to

Students

It helps students to identify their strengths and weaknesses and enable them to make a match between their abilities and career interest.

It offers a structured approach in making an effective career decision.

Parents

The CAP test gives enough guidance to parents to choose the right career for their ward taking into account their aspirations, family values and individual abilities.

Schools

Through the help of CAP, teacher / counselors will be able to know their students better and guide them to improve their skills and abilities to become the best of what they can be.
